The Bond shall be designated "City of Carson City Water System Improvement Revenue Bond, Series 2005", and shall, along with other bonds of the City issued on a parity basis, be payable out of the Net Revenues (as more fully provided in Chapter 61.23 of this Ordinance). The date of original issuance of the Bond shall be as of June 23, 2005, or such other date as shall be designated in writing by an Authorized Officer, and the Bond shall bear interest from its date of original issuance. The Bond shall be in the form of a single, fully registered, non-convertible, non changeable bond of the denomination of the Principal Amount dated as of the date of delivery of the Bond, or such other date as may be determined by an Authorized officer and approved by the DEQ and the Authority.

**CHAPTER 61.7
PAYMENT OF PRINCIPAL AND INTEREST; RECORD DATES**

The Bond shall be payable in not more than twenty (20) annual serial principal installments beginning on October 1, 2006, or on such other dates as may be determined by an Authorized Officer and approved by the DEQ and the Authority. Interest on the Bond shall be paid on each October 1 and April 1, commencing on October 1, 2005, or such later date as shall be designated in writing by an Authorized Officer, until maturity, by check or draft mailed by first-class United States mail to the registered owner of the Bond as of the applicable record date. installments. The City shall have no obligation to repay any serial principal installments for which the City did not receive proceeds from corresponding purchased principal installments of at least a like amount.

Interest on the Bond shall only accrue on the purchased installments, and shall accrue based on the amount of and purchase date of such installments. In the event less than the Principal Amount of the Bond is purchased by the Authority, any portion of the Principal Amount is prepaid, or any serial principal payment becomes due before the City has received proceeds from corresponding purchased principal installments of a least a like amount, then the Authority may prepare a new serial principal installment repayment schedule acceptable to the City.

The Bond shall be substantially in the following form (“the Bond Form”) with such modifications, additions, deletions and other changes as are not inconsistent with this Ordinance and as are approved by an Authorized Officer after conferring with bond counsel.

UNITED STATES OF AMERICA
STATE OF MICHIGAN
COUNTY OF MONTCALM

CITY OF CARSON CITY
WATER SYSTEM IMPROVEMENT REVENUE BOND, SERIES 2005
(LIMITED TAX GENERAL OBLIGATION)

The City of Carson City, Montcalm County, Michigan (the "City"), acknowledges itself indebted to and for value received promises to pay to the Michigan Municipal Bond Authority (the "Authority") the sum of one million six hundred thousand Dollars (\$1,600,000.00) or so much thereof as shall have been advanced to the City pursuant to a Purchase Contract between the Authority and the City and a Supplemental Agreement by and among the City, the Authority and the State of Michigan, acting through its Department of Environmental Quality.

The Principal Amount shall be payable on the dates and in the serial principal installment set forth in Schedule A attached hereto. Interest on the Bond shall accrue at the rate of two and one-eighth percent (2.125%) per annum and shall be payable on October 1, 2005 and semiannually thereafter. Principal and interest are payable in lawful money of the United States of America.

This Bond is a single, fully-registered, non-convertible, self-liquidating bond in the Principal Amount issued by the City under and pursuant to and in full conformity with the Constitution and statutes of the State of Michigan, including Act No. 94, Public Acts of Michigan, 1933, as amended ("Act 94"), and an ordinance duly adopted by the City Council on May 17, 2005, pursuant to Act 94 ("the Ordinance"). The Bond is being issued to defray part of the cost of improving the water distribution and production systems of the City.

For the prompt payment of the principal of and interest on this Bond and other bonds issued by the City on a parity basis with this Bond, the City has irrevocably pledged the revenues of the City's water distribution and production systems (the "System"), after provision is made for reasonable and necessary expenses of operation, maintenance and administration of the System ("the Net Revenues"), and a statutory first lien on the Net Revenues of the System is hereby recognized and created. As additional security, the City has irrevocably pledged its limited tax full faith and credit for the prompt payment when due of the principal of and interest on this Bond. If the Net Revenues of the System at any time shall be insufficient for such payment, the principal of and interest on such Bond are payable as a first budget obligation of the City from its general funds. However, the City does not have the power to levy any tax for the making of such payments in excess of constitutional, statutory or charter limitations.

Reference is made to the Ordinance for a complete statement of the revenues from which and the conditions under which this Bond are payable, a statement of the conditions under which

additional bonds of equal standing as to the Net Revenues of the System may be issued and the covenants and conditions pursuant to which this Bond was issued.

The City has covenanted in the Ordinance, and hereby covenants, to fix and maintain at all times while any bonds payable from the Net Revenues of the System as outstanding, such rates for services furnished by the System as shall be sufficient to provide for the payment of the principal of and the interest on the Bond of this issue and any prior or additional bonds of equal standing as and when they become due and payable, and to create and maintain a bond redemption fund (including a bond reserve account) therefor, to provide for the payment of expenses of administration and operation and such expenses for maintenance as are necessary to preserve the System in good repair and working order and to provide for such other expenditures and funds for the System as are required by the Ordinance.

This Bond is subject to redemption prior to maturity by the City only with the prior written consent of the Authority and on such terms as may be required by the Authority.

This bond shall be registered as to principal and interest on the books of the City kept by the City Comptroller and may be transferred only upon surrender of this Bond by the registered owner in person, or by the registered owner's attorney duly authorized in writing, to the City Comptroller, together with an assignment executed by the registered owner or his or her duly authorized attorney-in-fact in form satisfactory to the City Comptroller. Upon such transfer, a new registered Bond in the same aggregate principal amount and the same maturity and interest rate, will be issued to the designated transferee(s).

It is hereby certified, recited and declared that all acts, conditions and things required to exist, happen and be performed precedent to and in connection with the issuance of this Bond, existed, have happened and have been performed in due time, form and manner as required by the Constitution and statutes of the State of Michigan, and that the total indebtedness of the City, including the indebtedness represented by the Bond, does not exceed any constitutional, statutory or charter limitation.

Notwithstanding any other provision of this Bond, so long as the Authority is the owner of this Bond, (a) this Bond is payable as to principal, premium, if any, and interest at the corporate trust office of J.P. Morgan Trust Company, National Association, or at such other place as shall be designated in writing to the City by the Authority (the "Authority's Depository"); (b) the City agrees that it will deposit with the Authority's Depository payments of the principal of, premium, if any, and interest on this Bond immediately available funds by 12:00 noon at least five (5) business days prior to the date on which any such payment is due whether by maturity, redemption or otherwise; in the event that the Authority's Depository has not received the City's deposit by 12:00 noon on the scheduled day, the City shall immediately pay to the Authority as invoiced by the Authority an amount to recover the Authority's administrative costs and lost investment earnings attributable to that late payment; and c) written

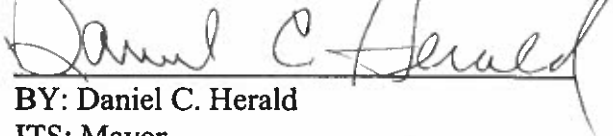

notice of any redemption of this Bond shall be given by the City and received by the Authority's Depository, a least 40 days prior to the date on which such redemption is to be made.

In the event of a default in the payment of principal or interest hereon when due, whether at maturity, by redemption or otherwise, the amount of such default shall bear interest (the "Additional Interest") at a rate equal to the rate of interest which is two percent above the Authority's cost of providing funds (as determined by the Authority) to make payment on the bonds of the Authority issued to provide funds to purchase this Bond but in no event in excess of the maximum rate of interest permitted by law. The Additional Interest shall continue to accrue until the Authority has been fully reimbursed for all costs incurred by the Authority (as determined by the Authority) as a consequence of the City's default. Such Additional Interest shall be payable on the interest payment date following demand of the Authority. In the event that (for reasons other than the default in the payment of any municipal obligations purchased by the Authority), the investment of amounts in the reserve account established by the Authority for the bonds of the Authority issued to provide funds to purchase this Bond, fails to provide sufficient available funds (together with any other funds which may be made available for such purpose) to pay the interest on outstanding bonds of the Authority issued to fund such account, the City shall and hereby agrees to pay on demand only the City's pro rata share (as determined by the Authority) of such deficiency as Additional Interest on this Bond.

During the time funds are being drawn down by the City under this Bond, the Authority will periodically provide the City with a statement showing the amount of principal that has been advanced and the date of each advanced, which statement shall constitute prima facie evidence of the reported information; provided that no failure on the part of the Authority to provide such a statement or to reflect a disbursement or the correct amount of a disbursement shall relieve the City of its obligation to repay the outstanding principal amount actually advanced, all accrued interest thereon, and another amount payable with respect thereto in accordance with the terms of this Bond.

IN WITNESS WHEREOF, the City, by its City Council, has caused this Bond to be signed in the name of the City by the manual signatures of its Mayor and Comptroller, all as of June 13, 2005.

CHAPTER 61.30
DEFEASANCE

Section 61.3001 If at any time the whole amount of the principal of and premium, if any, and interest on all outstanding Bonds shall be paid; or

Section 61.3002 If sufficient moneys, or Government Obligations not callable prior to maturity, the principal of and interest on which, when due and payable will provide such sufficient moneys, shall be deposited with and held by a trustee for the purpose of paying principal of and premium, if any, and interest on outstanding Bonds, and if all outstanding Bonds to be redeemed prior to maturity shall have been duly called for redemption or irrevocable instructions to call such Bond for redemption shall have been given to such trustee, then the right, title and interest of the holders of the Bond shall thereupon cease, terminate and become void and the City shall be released from the obligations of this resolution and any moneys or other funds held pursuant to this resolution for the purpose of paying the principal of and premium, if any, and interest on the Bond then outstanding (other than the aforementioned funds on deposit with the trustee for redemption of the outstanding Bonds) shall be released from the conditions of this resolution and paid over to the City and considered excess proceeds of the Bonds. In the event Government Obligations shall be deposited with and held by the trustee as hereinabove provided, the trustee shall, within 30 days after such Governmental Obligations or moneys shall have been deposited with it, cause a notice signed by the trustee to be published once in a newspaper of general circulation in the City of Detroit, Michigan, setting forth

- A. the date or dates, if any, designated for the redemption of the Bonds;
- B. a description of the Government Obligations and moneys so held by it;
 and
- C. that this resolution has been released in accordance with the provisions of this Chapter.

Section 61.3003 All moneys and Government Obligations held by such trustee pursuant to this Chapter shall be held in trust and applied to the payment, when due, of the obligations payable therewith as provided hereinabove.

Section 61.3004 The trustee or escrow agent referred to in this Chapter shall:

- A. be a bank or trust company permitted by law to offer and offering the required services;
- B. be appointed by an Authorized Officer; and
- C. at the time of its appointment and so long as it is serving as such, have at least \$25,000,000 of capital and unimpaired surplus.

Section 61.3005 The same bank or trust company may serve as trustee or escrow agent under this Chapter and as Bond Registrar so long as it is otherwise eligible to serve in each such capacity.

CHAPTER 61.31
ADDITIONAL BONDS

Section 61.3101. Except as hereinafter provided, the City will not issue any bonds of equal or prior standing with the Bond.

Section 61.3102 The City reserves the right in accordance with Act 94 to issue additional bonds payable from the Revenues of the System which shall be of equal standing and priority of lien on the Net Revenues of the System with the Bond, but only for the following purposes and on the following conditions as set forth in this Chapter.

Section 61.3103 For repairs, extensions, enlargements and improvements to the System or for the purpose of refunding part of the Bonds then outstanding and paying the costs of issuing such additional bonds. Bonds issued for such purposes shall not be issued pursuant to this subsection 61.3103 unless the average actual augmented Net Revenues of the System for the then last two preceding 12-month operating years, or (if lower than such average) the actual or augmented Net Revenues for the last preceding 12-month operating year shall be equal to at least 100% of the average annual amount of principal and interest thereafter coming due in future operating years on the then outstanding Bonds and the additional bonds then being issued. If the additional bonds are to be issued in whole or in part to refund outstanding Bonds, the average annual principal and interest requirements shall be determined by deducting from the principal and interest requirements for each operating year the annual principal and interest requirements of the Bonds to be refunded from the proceeds of such additional bonds. For purposes of this subsection 61.3103, the City may elect to use (1) as the last preceding operating year, any operating year ended not more than 16 month from the date of delivery of the additional bonds, and (2) as the next to the last preceding operating year, any operating year ended not more than 28 months from such date of delivery. If the System's rates and charges shall be increased at or before the time the additional bonds are authorized, the Net Revenues for each of the two preceding operating years shall be augmented by an amount reflecting the effect of such increase had the System's billings during such operating years been at the increased rates. In addition, the actual Net Revenues for each of the two preceding operating years may be augmented by the estimated increase in Net Revenues to accrue as a result of the repairs, extensions, enlargements and improvements to be paid in whole or in part from the proceeds of the additional bonds, and the actual Net Revenues may be augmented by an amount equal to the investment income representing interest on investments estimated to be received each operating year from the addition to the Bond Reserve Account to be funded from proceeds of the additional bonds. The determination of the City Council as to the existence of the conditions that permit the issuance of additional bonds shall be conclusive. No additional bonds of equal standing as to the Net Revenues of the system shall be issued pursuant to the authorization contained in this Section of Chapter 61.3101 if the City then shall be in default in making any required payments to the Operation and Maintenance Fund or the Redemption Fund.

Section 61.3104 For refunding all or a part of the Bonds then outstanding and paying the costs of issuing the additional bonds. No additional bonds shall be issued pursuant to this subsection 61.3104 unless the maximum amount of principal and interest coming due in any operating year, after giving effect to the refunding, shall be less than the maximum amount of principal and interest coming due in any future operating year before giving effect to the refunding.

CHAPTER 61.32 TAX MATTERS

Notwithstanding any other provision of this Ordinance, the Bond Form or the Bond, the City covenants that it will not at any time do any of the following.

Section 61.3201 Permit any proceeds of the Bond or any other funds of the City or under its control to be used directly or indirectly

- A. to acquire any securities or obligations, the acquisition of which would cause any Bond to be an “arbitrage bond” as defined in Section 148 of the Code; or
- B. in a manner that would result in the exclusion of any Bond from the treatment afforded by Section 103(a) of the Code by reason of the classification of such Bond as a “private activity bond” within the meaning of Section 141(a) of the Code or as an obligation guaranteed by the United States of America within the meaning of Section 149(b) of the Code; or

Section 61.3202 Take any action, or fail to take any action (including failure to file any required information or other returns with the United States Internal Revenue Service or to rebate amounts to the United States, if required, at or before the time or times required), within its control if such action or failure to act would

- A. cause the interest on the Bond to be includible in gross income for federal income tax purposes, cause the interest on the Bond to be includible in computing any alternative minimum tax (other than the alternative minimum tax applicable to tax-exempt obligations generally) or cause the proceeds of the Bond to be used directly or indirectly by an organization described in Section 501(c)(3) of the Code or
- B. adversely affect the exemption of the Bond and the interest thereon from State of Michigan income taxation.

Section 61.3203 The Bond is hereby designated as a “qualified tax-exempt obligation” for purposes of deduction of interest expense by financial institutions under the provisions of Section 265 of the Code, provided, however, that such designation shall have no effect if, at the time the Bonds are delivered, the Bonds have been determined to be ineligible to be so designated on the basis of the City’s reasonable expectations at the time of such delivery.

**CHAPTER 61.33
REPEAL OF CONFLICTING PROVISIONS AND EFFECTIVE DATE**

All ordinances or parts of ordinances, revisions or amendments in conflict or inconsistent with the provisions of this Ordinance Revision are hereby repealed; provided that any violation charged before the effective date of this Ordinance under an Ordinance provision repealed by this Ordinance shall continue under the Ordinance provision then in effect.

**CHAPTER 61.34
PUBLICATION AND RECORDING**

Promptly after its adoption, this Ordinance shall be published in full in the *Carson City Gazette* on May 30, 2005, pursuant to Section 7.4(b) of the Charter of the City of Carson City, and shall be recorded in the Ordinance Book of the City and such recording shall be authenticated by the signatures of the City Mayor and City Comptroller.

**CHAPTER 61.35
SEVERABILITY CLAUSE**

If a court of competent jurisdiction declares any provision of this Ordinance or a statutory provision adopted by reference herein to be unenforceable, in whole or in part, such declaration shall only affect the provision held to be unenforceable and shall not affect any other part or provision; provided that if a court of competent jurisdiction declares a penalty provision to exceed the authority of the City, the penalty shall be construed as the maximum penalty that is determined by the court to be within the authority of the City to impose.

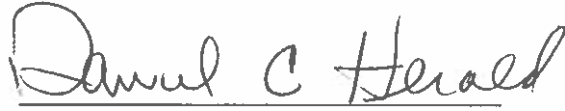

**CHAPTER 61.36
EFFECTIVE DATE**

Pursuant to Chapter 7 Section 7.3(d) of the City Charter of the City of Carson City the effective date of this Ordinance shall not be earlier than ten (10) days after enactment nor before publication in the *Carson City Gazette* pursuant to Chapter 61.34 of this Ordinance.
